Integrating Charism, Mission and Care of the Creation

18th January & 1st February 2022

2 – 4 pm (Rome time)

For All the Earth (1 Cor 10:26)

Integrating Charism, Mission, and Care of Creation

As Pope Francis has urged, the development of an **integral ecology** on behalf of our **common home** is a Christian imperative, one that resonates deeply with **our mission as women religious**.

🎯 This two-session presentation addresses four questions concerning the climate crises and our response:

- Why does this matters now?
- Why us?
- What are we to do about it?
- How are we to do it?

🎯 Integrating content with personal and small group reflection, the program is designed to provide leaders with a foundation on which to better respond to the Laudato Si' Action Platform.

🎯 The course will be in English, French, Spanish and Portuguese
